OUR MISSION:

**MAKING
MEMORIES FOR
CHILDREN AND
FAMILIES
IMPACTED BY
CANCER**

Why Erik's Way?

Erik was a wonderful man, an exceptional athlete, & a hard worker – simply an amazing person. His two children looked up to him & learned to love sports as much as he did & his wife had never met someone who was so patient & giving.

In 2017, at the age of 41, Erik was diagnosed with undifferentiated sarcoma. He tried everything in hopes of beating cancer. Through it all, Erik remained positive & always wore a smile for his kids. Sadly, his fight ended on March 29, 2019.

Because of the cancer community, I was able to handle all that life threw at me & we are here today to honor Erik's life & be that beacon of hope & support for other families who are also experiencing the trauma of cancer.

Ronniee-Marie

OUR PROGRAMS

BAGS OF LOVE

Books & other items fill our bags that are delivered to all those that affected by cancer – the cancer warrior, the children, the caregivers, & other family members – in September (& as requested).

The front of each bag has a handwritten message of love, hope, & care.

SHOP FOR MOM & POP

March through May we collect gifts perfect for moms & dads. End of April, we host an event for kids to come & shop for their "moms" & "pops" complete with a card & wrapping. We also deliver to those that cannot make it.

HOLIDAY KITS

Throughout the month of November & first two weeks of December we collect gingerbread house kits & holiday cookie kits to deliver to families, hospitals, & local cancer support programs.
